Monday 6/8/09 1830 to 2230 hrs. Genesee County Fire Training Center - 7690 State Street Road - Batavia, NY

State College, PA

The Speaker:

Jim Cottrell, of Cottrell Associates, Inc. Combat Support Products Division is National Foam and TFT's Eastern, U.S. factory agent and product development consultant with responsibilities for fire dept. and military users.

Speaker's fee paid by Churchville Fire Equipment

Program Focus

What you need to know about E10 - E85 and E95 gasolines blends.

What oil refiners recommend you use when their genie escapes its bottle.

Un-mixing the message relating to all-fuel (silver bullet) extinguishing agents.

Managing unignited spills at transportation crashes and simple spill events.

Selection of appropriate foam concentrate and application equipment.

Demystifying foam proportioning. Jim will share a guaranteed "KIS" approach to making your foam systems work every time.

Preregistration required - Fifty-five seats available. Contact Gerry Diskin, Genesee County OEM -TO 585-344-0087

Jim is Chairman of the IFSTA Foam Technical Committee and a member of the Underwriters Laboratories, Foam Standards Technical Panel. He has written extensively on the subject of firefighting foam chemicals, large caliber fire stream management and foam application for municipal and industrial firefighting. Jim is an accomplished speaker and a nationally recognized instructor / lecturer.
