Live Fire Training Safety: 01-05-0030

The purpose and intent of this course is to provide the student with basic understanding of the requirements of NFPA 1403 Standard on Live Fire Training Evolutions. It is intended that the student be provided with an introduction to the necessary knowledge and tools to properly prepare and conduct live fire training evolutions. It is also designed to provide an overview of live fire training requirements, especially for responsible individuals such as commissioners and chiefs who may not be directly involved with the conduct or planning of these evolutions, but with whom may rest the ultimate responsibility for training within their jurisdiction.

Designed for: Commissioners, chief officers, presidents, members of boards of directors and elected officials who may have legal authority and responsibility for fire department live fire training activities.

Course Length: 3 hours

Course number : 01-05-0030

A completed Training Authorization Letter.

Conducting Live Fire Training Evolutions: 01-05-0009

The purpose and intent of this course is to provide the student with basic understanding of the requirements of NFPA 1403 Standard on Live Fire Training Evolutions. It is intended that the student be provided with an introduction to the necessary knowledge and tools to properly prepare and conduct live fire-training evolutions. This program provides an in-depth analysis of NFPA 1403, addressing evolutions at traditional county or town training centers, gas fired training buildings and exterior props, vehicle fires and acquired structures and exterior class B fires.

Designed for: Chief officers, other fire officers, training officers, safety officers and instructors who actually conduct live fire evolutions

Course Length: 3 hours

Prerequisites: Live Fire Training Safety (1A) and Firefighter I (1S) or equivalent

A completed Training Authorization Letter.

Note: The authority having jurisdiction must designate all students attending. This designation must be in writing to the course instructor.

Course number : 01-05-0009
